SUMMARY

I am a recent Informatics Engineering graduate from Maritim Raja Ali Haji University, with a focus on Computer Engineering. I have one year of experience as a System Administrator, alongside skills in Computer Vision, Linux, and front-end development. Known for my effective communication, problem-solving, and time management, I am ready to contribute and grow in a dynamic tech environment.

WORK EXPERIENCE

Instructor - Redhat Academy - Infinite Learning

July 2023 - January 2024

- As an IBM Academy mentor, I train aspiring AI & Cybersecurity Practitioners and Red Hat Linux Administrators across Indonesia, supporting their certification journey.
- I utilize a blended approach, combining IBM Cloud services with practical and theoretical training modules.
- As a certified Red Hat Instructor (RHCI), I prepare students for the EX200 exam, helping them achieve Red Hat Certified System Administrator (RHCSA) certification.

INTERN EXPERIENCE

Studi Independen Bersertifikat Red Hat Certified System Administrator - IBM AI & Cybersecurity

Feb 2023 - July 2023

- RHCSA Training: 3-month remote and 2-week onsite program focused on essential Linux system administration skills.
- AI & Cybersecurity Certifications: Intensive 2-week onsite courses by IBM on AI and cybersecurity fundamentals and applications.
- Capstone Project: 2-week remote project using IBM Cloud to apply AI and cybersecurity skills in real-world scenarios.
- Linux System Administration: Built foundational skills in Linux, with a focus on Red Hat, enhancing system administration

Skilvul Tech4Impact: Front-end Web Development - MSIB Kampus Merdeka

Aug 2022 - Dec 2022

- Front-End Web Development Fundamentals: Gained skills in HTML5, CSS, JavaScript, and React.js, focusing on building responsive and interactive user interfaces.
- Framework and Tools: Learned to use Bootstrap for responsive design and Web Services API for integrating web functionality.
- Professional Skills: Developed communication skills essential for effective collaboration in a remote work setting.

KEY SKILLS

- RHEL
- Sysadmin
- Cyber Security
- Python
- HTML5 & CSS3
- Tailwind CSS
- React Js
- Javascript
- Mongo DB
- Problem solving.
- Leadership
- Teamwork
- Time Management
- Decision Making
- Communication

EDUCATION

Science
SMAN 15 - Batam Kota

- Science Classes.

Aug 2017 - Jul 2020

Bachelor's Degree in Informatics Engineering
University Maritim Raja Ali Haji

- Final GPA: 3.69/4.00

Aug 2020 - Aug 2024

PROJECTS

Portfolio

Oct 2024 - Present

- Simple portfolio with react.js. This portfolio includes Samuel's projects, both individual and collaborative, showcasing his technical expertise and deep understanding of the latest technologies in the field of informatics.

InfiniteTalk! - A place for mentors and mentees to connect and grow!

Sep 2023 - Dec 2023

- A place for Mentors and Mentees connect and grow! This is a mini-forum for mentors and mentees from Infinite Learning to collaborate and connect. In this forum, mentors and mentees can make posts and comment on each other's posts to help or share information!

Asean Youth Forum - Collaboration

Aug 2022 - Dec 2022

- A place for Mentors and Mentees connect and grow! This is a mini-forum for mentors and mentees from Infinite Learning to collaborate and connect. In this forum, mentors and mentees can make posts and comment on each other's posts to help or share information!

Bring Back the Nature - Game

Jun 2022 - Aug 2022

- "Bring Back The Nature" is a game project developed using the Unity game engine and programmed in C#. The game focuses on environmental restoration, where players are tasked with revitalizing damaged ecosystems, planting trees, cleaning up pollution, and restoring habitats to their natural state.

Travel Stories - Fullstack

Nov 2024 - Present

- Travel Story is an application that allows users to save and share their travel experiences. Users can write travel stories, add visited locations, upload photos, and record the dates of their trips. The app also features search functionality, date range filters, and options to mark favorite stories. With secure user authentication, each story is linked directly to the user's account, ensuring data privacy and security. Designed for ease of use, Travel Story helps users preserve travel memories while inspiring others within the community.

RhythmPlayer Music Player App

Jun 2023 - Aug 2023

- A simple Android and iOS app for listening to musics made with Flutter framework.
